

## SEMI Hockey COVID-19 Responsibility Code

SEMI Hockey and the facilities that we use are committed to the safety of all players, coaches, volunteers, and spectators (collectively "SEMI Hockey Participants") and arena staff. In order to keep everyone safe, there are certain responsibilities which are required of each group of SEMI Hockey participants, as described below.

All SEMI Hockey participants must agree to the COVID-19 Responsibilities (as detailed below) as a condition of their participation in SEMI Hockey related activities:

### **Prior to arrival at a facility for any SEMI Hockey related activity**

- Review the specific facility's entrance protocols as each facility has different guidelines. The most up-to-date information about our local facilities can be found on our website at: <https://www.semihockey.ca/2021/09/16/covid-protocols/>
- Each facility that teams visit for away games will also have specific requirements that SEMI Hockey Participants are expected to adhere to; please check with your team manager prior to the away game.
- Many facilities will restrict arrival time to 30 minutes prior to an event; please check with your team manager regarding required arrival times.
- Perform an individual health screen; please ensure that no SEMI Hockey Participants who are exhibiting symptoms of illness enters a facility (SEMI Hockey does not require documentation of health screening this season).
- As required by Provincial Health Orders, as a spectator please be prepared to show proof of COVID-19 vaccination and ID to enter a facility.

### **Inside a facility**

- Follow all instructions and directions of arena staff, volunteers, and SEMI Hockey coaches.
- Follow mask requirements as directed by facilities and Provincial Health Orders.
- Do not go into areas that are restricted within the facility.
- If you feel ill, immediately alert a SEMI Hockey coach or team safety personnel.
- Do not share equipment or water bottles.
- Refrain from spitting or blowing nose without a tissue.
- Leave the facility immediately after ice time.

I understand that as part of hockey registration I signed a SEMI Hockey Code of Conduct Contract in which I agreed to abide by the rules, regulations, and decisions as set by SEMI Hockey.

I have read and understand the above COVID-19 Responsibility Code and I agree to be committed to the safety of all SEMI Hockey Participants and arena staff. I understand that those in violation of Provincial Health Orders, SEMI Hockey and/or facility protocols will be subject to SEMI Hockey Disciplinary Policies and Procedures.

I understand that SEMI Hockey will have zero tolerance for any abuse of coaches, volunteers, other spectators, or arena staff with respect to COVID-19 related matters.
